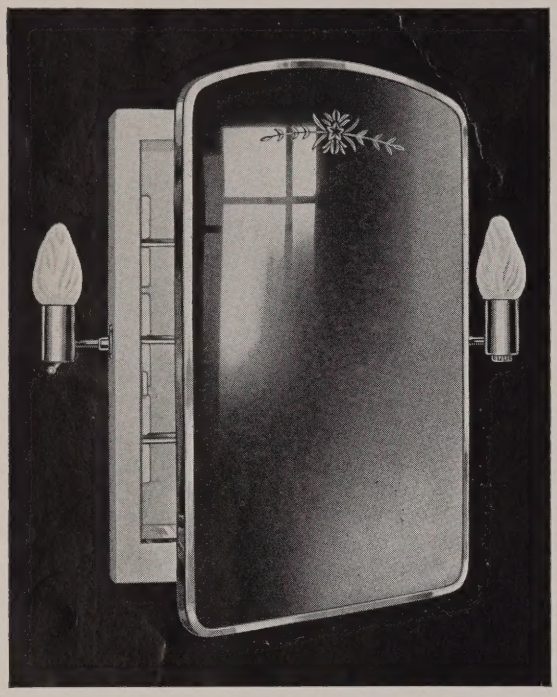
Catalog No. 140

NATIONAL *Mastercraft* BATHROOM CABINETS

NEW STYLES AND SIZES FOR 1940

Bathroom cabinets or medicine cases are a vital detail. The selection is important because it is used frequently. Insist on quality in keeping with other bathroom specifications.

National cabinets are designed and built to standard specifications. We consider strong, time defying construction as important, as smart, modern design; consequently, National Mastercraft Cabinets hold their shape, retain their finish, look trim and neat after years of severe service.

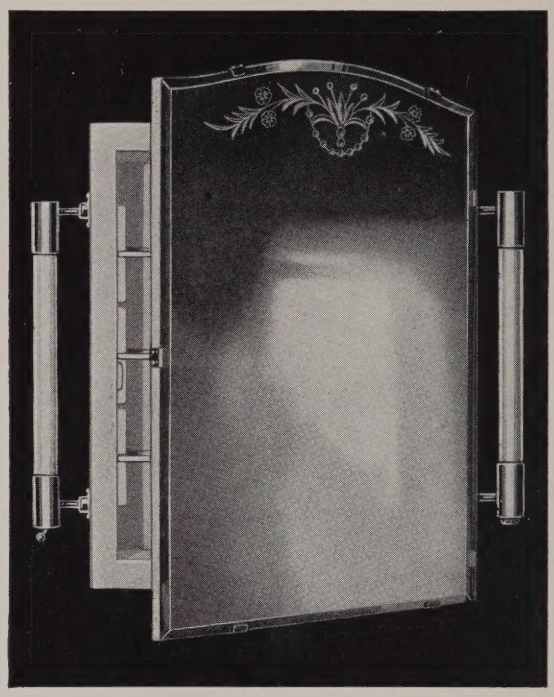


Mastercraft Styles 56, 57, 58, 59
Recessed or Insert Cabinets

Illustrated above with candle style side lights attached to the cabinet and with a mirror enclosed in a stainless steel frame for styles 56 and 58. Styles 57 and 59 have a clipped on mirror with beveled edge. The mirrors used for these style numbers are cut from sheet window glass $\frac{3}{16}$ in. thick. These cabinets have all the special features listed on the next page (3), which are found in cabinets selling at higher prices.

Fixtures for Electric Side Lights. Candle Style. Completely wired for standard candle or flame frosted bulbs (our low price does not include bulbs). Fixtures are brass chromium plated, will pass underwriters requirements; have toggle switch and service outlet for electrical appliances. Wiring connections concealed in cabinet frame. When ordering cabinets with light fixtures for candle or flame side lights, add **$6.75** to the list price. (Shipping weight with fixtures styles 56 and 57, 23 lbs.; styles 58 and 59, 37 lbs.)

Below, we price these four style numbers without the light fixtures. All prices are quoted f.o.b. Waterloo and are subject to market changes without notice.



Mastercraft Styles 101, 301, 501
Recessed or Insert Cabinets

Illustrated above with tube style side lights attached to the cabinet, which has beautifully engraved beveled edge venetian style mirror clipped on with monel metal clips. The mirrors used on these style numbers are cut from genuine polished plate glass ¼ in. thick. These cabinets have all the special features listed on the next page (3), and in addition have a piano type continuous hinge.

Fixtures for Electric Side Lights. Tube style. Completely wired for standard screw base frosted bulb T-8 (our low price does not include bulbs). Fixtures are brass chromium plated. Will pass underwriters requirements. Have toggle switch and service outlet for electrical appliances. Wiring connections at bottom of cabinet are concealed in cabinet frame. When ordering cabinets with light fixture for tube side lights, add **$12.75.** (Shipping weight with fixtures: style 101, 33 lbs.; style 301, 37 lbs.; style 501, 44 lbs.)

Below, we price these three style numbers without the light fixtures. All prices are quoted f.o.b. Waterloo, and are subject to market changes, without notice.

Finished in "SNO-WHITE" Baked Enamel

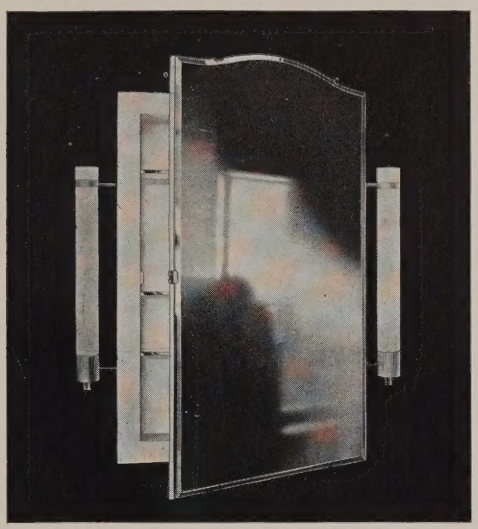
NATIONAL *Mastercraft* BATHROOM CABINETS

Special Features. Mirrors are "A" quality, especially selected and the silvering is protected by a copper solution that is sprayed on by Peacock Process (non-electrolytic). The metal parts of the cabinet are made from prime sheets and are finished in sno-white enamel that is baked on for lifetime service. Corners are mitred to fit and electrically welded then ground smooth. Extra steel braces are welded behind hinges to absorb shock. One piece metal door with special moisture proof pad. Overshot door for easy opening. Concealed hinges. Friction spring ball latch. Deep return flanges, especially desirable for tile walls. Slot for used razor blades. Toothbrush rack. Nickel plated door stop. Adjustable bulb edge glass shelves. Extra glass cover for bottom. Screws for installing. Completely assembled at factory; no manufacturing necessary when the cabinet is received.

Surface Cabinets. Any recess or insert cabinet can be made to special order for mounting on wall surface for the same list price. Allow 10 days for manufacturing.

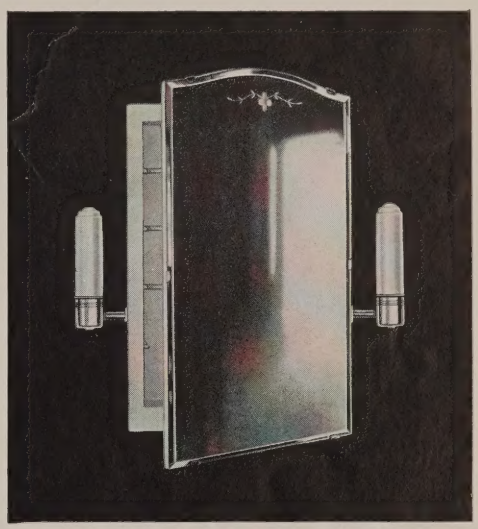


Mastercraft Styles 102, 302, 502
Recessed or Insert Cabinets

Illustrated above with shaded style side lights attached to the cabinet which has a narrow beveled edge venetian style mirror clipped on with monel metal clips. The mirrors on these style numbers are cut from genuine polished plate glass ¼ in. thick. The silver backing is protected by a copper solution that is sprayed on by Peacock Process (non-electrolytic). These cabinets have all the special features listed above.

Fixtures for Electric Side Lights. Shaded Style. Completely wired for standard screw base clear bulb T-8 (our low price does not include bulbs). Fixtures are brass chromium plated with 14-in. opal glass cylinder shades, and will pass underwriters requirements. Have toggle switch and service outlet for electrical appliances. Wiring connections at bottom of cabinet are concealed in cabinet frame. When ordering cabinets with light fixtures for shaded lights, add **$15.00** to the list price for the cabinet you select (shipping weight with fixtures: style 102, 33 lbs.; style 302, 37 lbs.; style 502, 44 lbs.).

Below we price these three style numbers without the light fixtures. All prices are quoted f.o.b. Waterloo and are subject to market changes without notice.



Mastercraft Styles 103, 303 503
Recessed or Insert Cabinets

Illustrated above with torch style side lights attached to the cabinet which has an engraved beveled edge venetian style mirror clipped on with monel metal clips. The mirrors on these style numbers are cut from sheet window glass $\frac{3}{16}$ in. thick. The silver backing is protected by a copper solution that is sprayed on by Peacock Process (non-electrolytic). These cabinets have all the special features listed above.

Fixtures for Electric Side Lights. Torch Style. Completely wired for standard screw base clear bulb T-10 (our low price does not include bulbs). Fixtures are brass chromium plated with 7-in. opal glass cylinder shades and will pass underwriters requirements. Have toggle switch and service outlet for electrical appliances. Wiring connections at bottom of cabinet are concealed in cabinet frame. When ordering cabinets with light fixtures for torch lights, add **$8.75** to the list price for the cabinet you select (shipping weight with fixtures: style 103, 33 lbs.; style 303, 37 lbs.; style 503, 44 lbs.).

Below, we price these three style numbers without the light fixtures. All prices are quoted f.o.b. Waterloo, and are subject to market changes without notice.

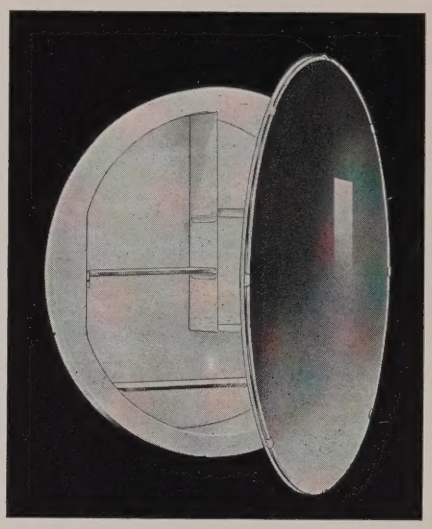
NATIONAL *Mastercraft* BATHROOM CABINETS

Mastercraft Styles 202, 402, 602
Recessed or Insert Cabinets

Illustrated above with lumiline style side lights attached to the cabinet which has a narrow beveled edge venetian style mirror clipped on with monel metal clips. The mirrors on these style numbers are cut from genuine polished plate glass ¼ in. thick. The silver backing is protected by a copper solution that is sprayed on by Peacock Process (non-electrolytic). These cabinets have all the special features listed on the preceding page.

Fixtures for Electric Side Lights. Lumiline Style. Completely wired for the popular lumiline tubular light bulbs—12 in. for style 202 and 18 in. for styles 402 and 602 (our low price does not include bulbs). The fixtures are brass chromium plated. This style light fixture does not pass the underwriters requirements, but is perfectly safe. The toggle switch and service outlet for electrical appliances are built into the cabinet frame. The wiring connections are made at the bottom of the cabinets and are concealed in the cabinet frame. When ordering these cabinets with light fixtures for lumiline bulbs, add **$11.75** to the list price of the cabinet you select (shipping weight with fixtures: style 202, 33 lbs.; style 402, 37 lbs.; style 602, 44 lbs.).

Below, we price these style numbers without the light fixtures. All prices are quoted f.o.b. Waterloo, and are subject to market changes without notice.



Mastercraft Styles 801, 803, 805
Recessed or Insert Cabinets

Illustrated above with round mirror and round cabinet. Especially designed for the ultra modern bathroom, very smart and effective for the powder room. The round venetian mirror is clipped on with monel metal clips. Wall opening 17 in. wide by 18¼ in. high. Frame size 20¼ in. in diameter. Four adjustable glass shelves. Shipping weight 30 lbs.

Style 801. Mirror 23 in. in diameter. "A" grade full polished plate glass ¼ in. thick with ¼-in. bevel, plain, edge ground smooth. List price, **$19.75.**

Style 803. Mirror 23 in. in diameter. "A" grade window glass $\frac{3}{16}$ in. thick (formerly called crystal) with ¼-in. beveled edge clean cut, plain. List price, **$17.75.**

Special Size Round Cabinet (not illustrated). Style 805. Mirror 19½ in. in diameter. "A" grade double strength window glass, plain. Enclosed in frame of stainless steel. Cabinet frame size 18¼ in. Wall opening 15¼ in. in diameter. Two shelves. Shipping weight 20 lbs. **List price, $9.95.**

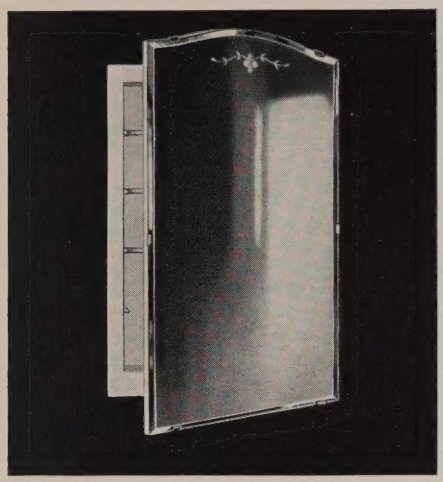
NATIONAL *Mastercraft* BATHROOM CABINETS

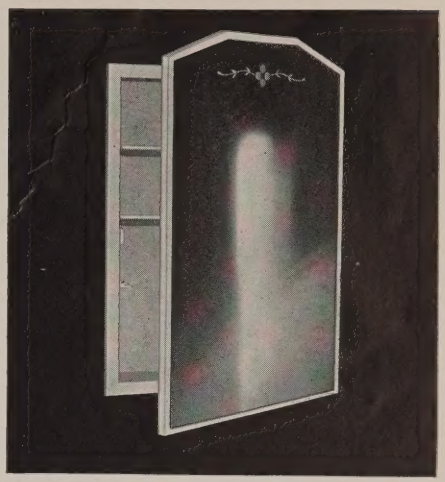


Mastercraft Styles 75 and 76
Recessed or Insert Cabinets

Double Door Construction

The cabinets pictured on this page are made with the metal back for the mirror door so the flange is turned toward the mirror which rests on the metal flange edges and the space between is packed with padding.

All other Mastercraft Cabinets are made with our regular door construction, which has the flange turned back away from the mirror and the mirror rests on a special waterproof pad, which lies flat against the entire metal surface; thereby, eliminating mirror breakage and spoilage.



Mastercraft Styles 80 and 81
Recessed or Insert Cabinets

The illustration above shows two popular priced cabinets that still retain the high quality material and workmanship of all Mastercraft Cabinets. Venetian style mirror made from $\frac{3}{16}$ in. thick window glass (formerly called crystal). Has the popular double door construction and all the special features listed on page 3.

The illustration above shows two of our popular cabinets for builders who must meet a low price. The mirrors are engraved double strength window glass enclosed in a white enameled frame. Has the popular double door construction and all the other special features which are listed on page 3.
